

THE HISTORY OF MY LIFE

GODFREY H.MTEGA

December 31, 2014

Abstract

It was 7-7-1993 when i was born,it was luckly to be born a baby boy,my mum was very happy.It was in the Iringa regional hospital.

1 TWO MONTHS AFTER BIRTH

When i was born in Iringa regional hospital mum was very sick therefore i was taken to my aunt,that is where my aunt took care of me.When my mum was recovered i was returned to my lovely mum.That is where we decided to transfer to our original place that is LUDEWA District there i grew up with my grand mother.

2 SEVEN YEARS LATER

When i reached eight years old,my mum decided to send me to start nursery school at LUSALA primary school i studied nursery school for about two years because i was very notorious boy and i was not punctual during that time.

2.1 LIFE DURING PRIMARY SCHOOL

My mum transfered me to another school that is LUPALAMA primary school located at Iringa region .That is where i started standard one the year of 2001.It was luckly my accademic performance was very good due to the fact that it was boarding school there fore i got enough time to study.i loved my teachers and the subjects they taught us.our boarding was called TOSAMAGANGA BOYS HOME.Luckly enough i completed my primary school education and i graduated during the year 2007.My parents were very happy.

3 LIFE DURING SECONDARY SCHOOL(O-LEVEL)

I was selected to join CHIPANGA secondary school but this was government school but my parents decided to take transfer to ST.PIO secondary school where i started form one,when i joined this school i startd with the orientation course so that i am aware with the secondary ideas,this took about two months that it is where i started the real form one studies.Life went on and i continued

Figure 1: This is the figure of the author by the name GODFREY H.MTEGA.

with my studies and this took a year and we did the terminal examination during december of 2008.

3.1 FORM TWO UP TO FORM FOUR

It was january of the year 2009 when i was form two my studies went on an we meet the form two National examination and luckily enough i was passed to enter form three the year of 2010, There i saw my studies was dificult due to the fact that my chemistry and physics teacher lovely one sir KIMWAGA was died,but this was a big challange to my accademic life there for we decided as class to make sure thas we cover all the topic until we enter our Form four national examination.

3.2 LIFE DURING THE LAST YEAR OF O-LEVEL

It was the year 2011 when i was form four at st.pio secondary school during january of the year i started my form four studies and it was the year of revision be cause it was the year of the final examination,luckly enough i passed and i was selected to join BAGAMOYO HIGH SCHOOL As the government school.

4 LIFE DURING ADVANCED LEVEL

I was very happy to be selected to continue with my studies and luckily enough to join BAGAMOYO HIGH SCHOOL.It was the journey of two years 2012-2014.i was selected to join the school to study the following subjects that is CHEMISTRY,BIOLOGY and GEOGRAPHY(CBG),By the grace of GOD i graduated and i passed and selected to join the high level of education that is university,i was selected to join THE UNIVERSITY OF BAGAMOYO.

4.1 LIFE AT THE UNIVERSITY OF BAGAMOYO

I am proudly to be selected to join the UNIVERSITY OF BAGAMOYO And i am taking BACHELOR OF SCIENCE IN CHEMISTRY,and this is my first year 2014/2015.
