# simple

## A beamer theme

simple is a minimalist Beamer theme that features

- ▶ a **watermark** logo in the background
- ▶ slide **numbers**
- ▶ *emphasized* and **alerted** text

### **And of course...**

blocks, columns, and all Beamer power

# watermark

not only for images

- ▶ You can place *any* L<sup>A</sup>T<sub>E</sub>X contents as a watermark

## In preamble

```
\setwatermark{\includegraphics [height=8cm] {%  
img/Heckert_GNU_white.png}}
```

## Just before this frame

```
\setwatermark{\fontsize{125pt}{125pt}%  
\selectfont{Simple}}
```

# Options

## Fine adjustment of the watermark position

- ▶ `hoffset`
- ▶ `voffset`

They admit any *positive* or *negative* spacing unit

Note that some **warnings** about *badboxes* might be generated at compilation

# License
