Abstract

200 words, and then we're done with the abstract.

1 Introduction

You have got to check out Fig. 1: it is amazing.

Here is an example citation when you want an author name like Collins et al. (2011) to appear in the text. And here's how to do a parenthetic citation, when you want to mention a reference at the end of a sentence or part of a sentence (Collins et al., 2013).

It is possible to cite multiple references at the same time (Collins, 2011; Collins et al., 2016; Lunn, 2007a,b; Ross, 2006; Shannon, 1948).

Did you see what I wrote in Sec. 1? Not too controversial I hope!
