Chapter 1
Introduction

1.1 General Objective

Web Searching is nowadays an integral part of our daily lives...

1.2 Motivation and Vision

..

1.3 Research Questions

The research questions that this thesis aims at tackling are the following:...

1.4 The Approach

...

1.5 Contributions of this Dissertation

The key contributions of this thesis are the following:...

1.6 Outline of Dissertation

The rest of this dissertation is organized in the following way:...

Chapter 2
Conclusion

2.1 Synopsis of Contributions

In this thesis, ...

2.2 Directions for Future Work and Research

There are several aspects that are worth further work and research....

Bibliography

Appendix A
Publications, Systems and Models

Publications

The research activity related to this thesis has so far produced the following publications (ordered by publication date)....

   (1) ...

   (2) ...

In more details (and with regard to the contributions of this thesis), in ...

Systems and Models

In the context of this thesis, the following systems and models were developed...
